What's New at CBB?

Candelore's Barking Beauties expanded its footprint and opened its 6th location on April 1 in Bethel Park!

Located at 4704 Library Road, our Bethel Park Salon has all new equipment, fresh paint, and ample parking. Come check it out!

Reminder

Our boarding and daycare spots are filling up fast with the summer season approaching! Be sure to book your reservation now at Candelore's Resort. Book online or call 412-872-5550.

Making an Impact

Tina and Tabitha Hillman have been through a lot in the last few months. The duo moved to Pittsburgh to be closer to Tina's grandchildren and her daughter-in-law. In the midst of moving, Tina's son, Sgt. Nathan Hillman was shot and killed by another soldier at Georgia's Fort Stewart in December. Shortly after that, Tina lost her remote contract job and has been searching for new employment.

That's where owner Norm Candelore stepped up to help this family in need. He reached out and offered them both full-time jobs at his Irwin Salon as dog groomers.

Watch the full video on our Facebook page and you'll see why this is so important to Norm and how it should make a huge difference for these wonderful ladies.

Spring Grooming Tips

As the seasons change, so might your dog's grooming needs. It's important to take care of your pooch's fur, skin, paws and nails year round, and warmer temperatures bring about some special considerations.

As the temperatures start to rise, that long and soft coat that kept your fur babies warm all winter long is going to start to get uncomfortable and hot. *A new, fresh haircut will help!*

Maintain a regular bath schedule so that your pet's hair can stay clean and free of allergens, irritants, and dead skin cells.

Get routine nail trims- since your pups will be playing outside more, you'll want to make sure their nails are short so they don't injure themselves!

Keep an eye on allergies. With warm weather approaching, your pet's eyes and ears may become extra irritated with all the new blooms. Make sure their ears stay clear and clean so they can stay happy and healthy!
